that land by reason of the inspection, laying, repair, alteration, renewal or removal of the main.

209. Power to lay service pipes, etc.—(1) The corporation may in any street or in any land referred to in clause (b) of sub-section (1) of section 208 whether within or without the local limits of the city lay such service pipes with such stopcocks and other water fittings as it may deem necessary for supplying water to premises and may from time to time inspect, repair, alter, or renew and may at any time remove any service pipe laid in such street or land whether by virtue of this section or otherwise.

(2) Where a service pipe has been lawfully laid in, over, or on the land not forming part of a street or land referred to in sub-section (1), such officers as thecommissioner may authorise, may, enter upon that land and insepct, repair, alter, renew or remove the pipe or lay a new pipe in substitution thereof but shall pay compensation for any damage done in the course of such action.

210. Provision of fire hydrants.—(1) The commissioner shall fix hydrants on water mains (other than trunk mains) at such places as may be most convenient for affording a supply of water for extinguishing any fire which may break out and shall keep in good order and from time to time renew every such hydrant.

(2) To denote the situation of every hydrant placed under this section, letters, marks or figures shsall be displayed prominently on some wall, building or other structure near such hydrant.

(3) As soon as any such hydrant is completed, the commissioner shall deposit a key thereof at each place where a public fire engine is kept and in such other places as he deems necessary.

(4) The corporation may, at the request and epense of the owner or occupier of any factory, workshop, trade premises or place of business situated in or near a stree' in
